C2 - Lever Latches

Southco's C2 Lever Latch series provides compression that pulls the door tight, without rubbing action and wear on the latch contact point or frame.

- Adapts to multiple applications with adjustable grip
- Choice of flush trigger and raised trigger actuation styles
- Locking models enhance security by providing key lock or tool access
- Sealed models suitable for NEMA 4 and IP65 applications

See Related Products

C2 Lever Latches feature a discretely mounted trigger mechanism to release the built-in handle for use.
