E3 - VISE ACTION® Compression Latch Series

Southco's VISE ACTION® series is designed for quick, secure closure in applications where vibration, sealing, and quality are required. The smooth operation of the VISE ACTION® design aligns the cam behind the frame and draws it up tight with a single continuous half-turn motion.

- Easy-to-grip knob and handle-actuated styles provide quick, simple access
- Key-actuated and tool-actuated styles restrict access and discourage vandalism
- Low-profile and flush-mount styles minimize protrusion above panel
- Available in fixed-grip and adjustable grip versions
