

Introducing the Accuride **ST8200** and **ST8201**, the new standard in heavy-duty and NSF-certified roller-bearing slides. The ST8200 series is built tough, yet delivers smooth movement and allow for easy disassembly for routine cleaning. Accuride roller-bearing slides are the perfect movement solution for refrigerated drawers, food prep tables, heated and warming drawers, and more.

Choose from two options:

ST8200 For Side-Mount Drawers

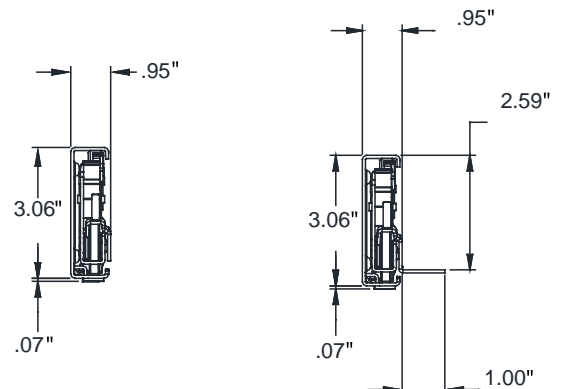

ST8201 For Bottom-Mount Drawers

Benefits include:

- Stainless-steel construction
- Mounting method:
 - **Bottom Mount**
 - Standard flange 10.2mm (0.4")
 - Optional flange 21mm (0.83")
 - **Side Mount**
- Full-extension travel
- Over-travel available upon request
- Easy to install
- Available in even lengths 16" - 30"
- Supports loads up to 275 lbs.*
- Self-close action

* See details on tech sheet
